**"We aim to be outstanding in all we do"**

Monday 17<sup>th</sup> October 2016

Dear Parents and Carers,

Internet safety is very important to our school and pupils. In order to raise awareness of the issues that children and young people face online today, we will be hosting online safety information workshops **each half term from 3:20 to 4:00** for **parents and carers** of children in **Key Stage 2**. These sessions will provide practical advice and safety tips to help manage online safety issues, and discussions surrounding suitable behaviour online.

As we will cover subject matter that may be sensitive to children we would ask that it is **adults only**. To help with this we will have a crèche available to **school age children who attend Cheadle Primary School**.

We believe that internet safety education is a crucial element of the curriculum and an essential part of young people's development. These sessions are designed to help you become more aware of the safety messages that your children receive in school in order to reinforce them in your home environment.

We really hope that you will be able to attend and look forward to seeing you there.

Yours sincerely,

Mr Comer
